

TDK-Lambda

Caratteristiche del prodotto

- Approvazioni medicali IEC/EN60601-1 3rd Edition, IEC/EN60601-1-2 4th Edition
- Isolamento ingresso - uscita 4kV AC, 2xMoPP
- Opzioni di sicurezza Class I e Class II
- EU CoC Tier 2, Conforme DoE level VI

Caratteristiche principali

- 300W con range esteso d'ingresso 90-264VAC
- Touch current <100µA
- Modelli 12, 19, 24, 28, 48 e 54V DC
- Altitudine di funzionamento 5000M

Applicazioni tipiche

- Attrezzature ospedaliere, dentali, cliniche e sanitarie
- Monitoraggio
- Imaging
- Applicazioni diagnostiche

Product Highlights

- Medical approval IEC/EN 60601-1 (3rd Edition) & IEC/EN60601-1-2 (4th Edition)
- Input - Output Isolation 4kV AC, 2xMopp
- Safety Class I and Class II options
- EU CoC Tier 2, DoE level VI compliant

Key Specifications

- 300W with 90 - 264 VAC wide input voltage
- Touch current <100µA
- 12, 19, 24, 28, 48 and 54 V DC
- Operating altitude 5000m

Typical Applications

- Hospital, Dental, Clinical and Healthcare Equipment
- Monitoring
- Imaging
- Diagnostic applications
